## -Proceedings-

1 THE COURT: What does this case entail?

2 MR. COOPER: We have two cases which I don't  
3 believe have been consolidated yet. I don't know if I  
4 need to make a formal motion or the Court could do it sua  
5 sponte, that is certainly an administrative issue.

6 The two cases are John Alexander and Moses  
7 Sherman. Both these gentleman are living with a diagnosis  
8 of lung cancer and both, to my knowledge, only asbestos  
9 exposure is from friction products.

10 THE COURT: Okay.

11 Who are the Defendants? I don't have a list.

12 MR. COOPER: As of this morning I have a scratch  
13 list to put on the record. It is somewhat short.

14 For Mr. John Alexander, the main Defendants are  
15 Bendix, AMCHEM, Chrysler, Ford, GM, International Truck,  
16 Union Carbide and Volkswagen.

17 For Moses Sherman, Bendix, AMCHEM, Chrysler,  
18 Ford, GM, and Union Carbide.

19 THE COURT: Bendix is only a Defendant in one --  
20 no, Bendix is a Defendant in both cases, AMCHEM is a  
21 Defendant in both cases, Chrysler is a Defendant in both  
22 cases, GM is a Defendant in both cases and Union Carbide  
23 is a Defendant in both cases.

24 MR. COOPER: Ford.

25 THE COURT: Did I skip Ford?

DAR

-Proceedings-

6

1 MR. COOPER: Yes.

2 THE COURT: They are in both cases and Union  
3 Carbide.

4 MR. COOPER: Yes.

5 THE COURT: The only additions are International  
6 Truck and Volkswagen that are only in one of the cases?

7 MR. COOPER: Correct.

8 THE COURT: Okay.

9 Now, you have not made a motion for joint  
10 trials?

11 MR. COOPER: We have not.

12 THE COURT: What are you waiting for?

13 MR. COOPER: That is a good question, your  
14 Honor.

15 THE COURT: Why wait for this meeting? You are  
16 only going to delay the trial.

17 MR. COOPER: Like I just noted on the record and  
18 from what I have been told, it is possible to do it sua  
19 sponte, without motion practice.

20 THE COURT: Who told you that?

21 MR. COOPER: My office.

22 And that has been done before, not necessarily  
23 in this particular part, but to the extent there's no  
24 opposition.

25 If there's opposition obviously that can't be

DAR

-Proceedings-

7

1 done--

2 MR. LYNCH: There is opposition.

3 MR. COOPER: Well, much to my surprise.

4 We will have a motion for joint trial.

5 THE COURT: Motion for joint trial.

6 How long will it take you?

7 Could you do it in ten days?

8 MR. COOPER: Certainly.

9 THE COURT: Ten days from today -- the 29th.

10 Okay.

11 And answering papers, gentleman?

12 MR. DEUTSCH: Two weeks.

13 THE COURT: I'm giving him ten days.

14 MR. DEUTSCH: I am supposed to get 30--20 days  
15 notice, 25 days notice for a motion by mail.

16 THE COURT: For the motion?

17 MR. DEUTSCH: For the motion, yes, that is my  
18 entitlement.

19 THE COURT: No, it is not.

20 MR. DEUTSCH: Sure it is.

21 THE COURT: You are supposed to get eight days  
22 notice with an additional five days if it is by mail, that  
23 is 13.

24 MR. DEUTSCH: I don't believe that is accurate.

25 THE COURT: Sure it is accurate.

DAR

-Proceedings-

8

1 MR. DEUTSCH: You are the Judge, you make your  
2 rulings.

3 THE COURT: I think it is excessive.

4 MR. DEUTSCH: How do you think it excessive?

5 THE COURT: How are you going to serve?

6 MR. COOPER: We'll do it by hand.

7 THE COURT: I will give you ten days. So ten  
8 days.

9 MR. CHURGIN: Your Honor, there are two  
10 Defendants that are not in the other two cases and I have  
11 no information about the cases.

12 THE COURT: I don't understand your point.

13 MR. CHURGIN: My point is, I am going to need  
14 time.

15 I don't think ten days is sufficient time to  
16 oppose it. I am not in one case. I know nothing about  
17 the case. It is a motion for a joint trial.

18 The other Defendants are in a different position  
19 than I am.

20 MR. COOPER: Your Honor, the motion itself has  
21 more than enough information contained in the body to do  
22 the opposition.

23 THE COURT: I am not going to grant the motion  
24 if he doesn't have enough facts in there to grant it.

25 So June 29th -- July 10th would be the due date

DAR

-Proceedings-

9

1 for the answering papers.

2 MR. LYNCH: Before we get into scheduling, could  
3 I raise a preliminary issue?

4 THE COURT: Yes.

5 MR. LYNCH: Judge, James Lynch representing  
6 Chrysler.

7 Your Honor, my client, based on the ruling and  
8 the actions, in the Colella and D'Ulisse trials believes  
9 that it did not get a fair trial in those trials and  
10 believes it will not get a fair trial if the case or cases  
11 are tried before your Honor.

12 We believe your Honor's rulings and actions  
13 displayed a bias and prejudice against Chrysler.

14 We will be filing a formal motion on notice to  
15 recuse yourself, your Honor.

16 I would ask your Honor to consider now  
17 voluntarily recusing yourself before we get into the  
18 substance of the cases, otherwise we will make the motion  
19 on notice.

20 MR. DEUTSCH: Robert Deutsch, for the record,  
21 representing Ford and General Motors, we will be joining  
22 in that motion.

23 THE COURT: Did I hold anybody in contempt in  
24 that trial?

25 MR. LYNCH: I don't believe there was any

DAR

-Proceedings-

10

1 contempt.

2 THE COURT: Were there any sanctions?

3 MR. LYNCH: Well, there was against Mr. Hill --

4 THE COURT: But it was withdrawn.

5 MR. LYNCH: Yes. Yes, it was withdrawn.

6 THE COURT: Make a formal motion.

7 Based on what you told me now I'm going to deny  
8 the motion. I will read your papers and see where we go  
9 from there.

10 What I think we need to do is not wait until  
11 that motion is decided. We have to go forward.

12 If I grant your motion then all of this will be  
13 moot.

14 MR. LYNCH: Perhaps we can agree on a briefing  
15 schedule.

16 THE COURT: Agree on a briefing schedule?

17 MR. LYNCH: I think we can file the brief within  
18 a week.

19 THE COURT: All right.

20 Motion to disqualify me will be filed in a week.

21 So that would be Tuesday, June 26th.

22 MR. COOPER: Your Honor, at the risk of  
23 soundings hippocritical, I think we may need more than  
24 seven days to oppose the motion.

25 This is not an issue as Mr. Churgin has raised a

DAR

-Proceedings-

11

1 pro forma issue.

2 THE COURT: This is an issue involving what, a  
3 10,000 page transcript?

4 MR. COOPER: I am unable to compile a motion and  
5 potentially a multi-page motion based on Chrysler's prior  
6 submissions.

7 Obviously I cannot say what I am about to get,  
8 but I certainly can say, based on history I am going to  
9 need more than seven days to respond.

10 THE COURT: Well, I will tell you what. Let's  
11 assume that it is two weeks, which would be answering  
12 papers July 26th -- June 26th, that would be July 10th,  
13 right?

14 MR. DEUTSCH: Yes.

15 MR. COOPER: Yes.

16 THE COURT: Okay.

17 MR. LYNCH: May we have an opportunity to reply  
18 papers?

19 MR. DEUTSCH: A surreply or reply?

20 MR. LYNCH: A reply.

21 THE COURT: Not a surreply, a reply.

22 MR. DEUTSCH: Opposition reply, I'm sorry,  
23 right.

24 MR. LYNCH: Perhaps week after that?

25 THE COURT: Reply July 17th.

DAR

## -Proceedings-

12

1 Okay.

2 Now, motions in limine?

3 MR. COOPER: Your Honor, if I could just make an  
4 application in that regard.5 Last Fall you had ordered that each party be  
6 limited to four motions in limine in writing with an  
7 unlimited amount being able to be made orally.

8 I would make the same application.

9 THE COURT: I did not make that ruling.

10 I am pretty sure I did not make the ruling.  
11 Some other Judge must have made that ruling. It sounds  
12 like good ruling.13 MR. COOPER: It is a major coincidence each of  
14 us had four motions in writing and the rest were done  
15 orally.16 THE COURT: You assumed. I didn't even know  
17 that. I guess you assumed that is what I did, but I  
18 didn't.19 MR. COOPER: It is my recollection that is what  
20 occurred.21 THE COURT: Every Defendant has four motions in  
22 limine.

23 MR. DEUTSCH: Four written or issues?

24 THE COURT: I don't think you necessarily need  
25 to separate them into four separate motions. You can

DAR

-Proceedings-

13

1 raise four issues in one motion. You could do it for both  
2 -- well, let's assume-- we will have to assume that  
3 there's going to be a consolidation -- consolidation in  
4 the sense of having joint trials.

5 At least for the purposes of making the motions  
6 in limine, I will make it easy for you, you can do all  
7 four motions and refer to both cases, just make sure you  
8 say that in the motion papers.

9 MR. LYNCH: Your Honor, will these be motions in  
10 limine directed to jury selection evidence?

11 THE COURT: Well, motions addressed to jury  
12 selection are not motions in limine.

13 Motions in limine have to do with limitation of  
14 evidence.

15 But since you are going to make motions with  
16 regard to the jury selection, I will accept them, as I  
17 have done in the past.

18 However, I would prefer not to have generalized  
19 motions that really don't apply -- don't point to the  
20 facts in the case.

21 Motions like no one shall submit -- the words  
22 are escaping me -- you know.

23 Okay.

24 Let me put it this way, no one shall submit  
25 motions that are inflammatory.

DAR

-Proceedings-

14

1 That is not a motion in limine.

2 That is just a generalized statement and that  
3 doesn't tell me anything.

4 The other one that keeps popping up is, you  
5 know, when you submit a number of witnesses on one issue.  
6 What do we call that?

7 MR. COOPER: Cumulative.

8 THE COURT: Cumulative. I could not think of  
9 the word.

10 No one should submit the motion that says,  
11 cumulative motion shall not be submitted to the Court  
12 because it doesn't tell me anything. Just try to be  
13 specific.

14 What else do we need to cover?

15 MR. COOPER: Well, I think we actually need a  
16 schedule for the motion in limine, not just for the  
17 issues.

18 THE COURT: Yes, we need a schedule.

19 MR. LYNCH: Maybe before that, your Honor, there  
20 are some serious trial readiness issues in both of the  
21 cases, particularly the Sherman case.

22 THE COURT: What issues are we talking about?

23 MR. COOPER: Trial readiness issues, your Honor.

24 THE COURT: Take that up with Judge Friedman or  
25 the Major Master.

DAR

## -Proceedings-

15

1 MR. DEUTSCH: She directed us to you.

2 THE COURT: No, she didn't.

3 Judge Friedman has told me--

4 MR. DEUTSCH: Not Judge Friedman. Lorraine  
5 Pacheco.

6 MR. COOPER: Special Master.

7 MR. DEUTSCH: Special Master.

8 THE COURT: I am not talking about the Special  
9 Master.

10 Judge Friedman has told me that I try the case  
11 and anything like motions for summary judgement, motions  
12 for discovery, if there are such, are to be made to her.

13 Now that is the way that I have conducted this  
14 kind of trial all along.

15 MR. LYNCH: Your Honor, the problem with one of  
16 the cases, Moses Sherman, we don't have the medical  
17 records.

18 Mr. Lee can speak to that.

19 But there is a record retrieval service that  
20 both of the parties use that have not gotten all the  
21 medical records or the social security records.

22 THE COURT: Well, the trial is several months  
23 off, I don't see that is a problem. If it is, take it up  
24 with Judge Friedman. I am not going to do discovery. And  
25 I told you that before.

DAR

-Proceedings-

16

1 MR. DEUTSCH: You don't have to do discovery.

2 All you have to do is order him to give us a new  
3 authorization.

4 THE COURT: Give him authorizations.

5 MR. COOPER: Well, that is not the issue.

6 The issue, according to what I have been  
7 reading, Record Track Retrieval.

8 MR. DEUTSCH: I understand that if you give me  
9 new authorization, I can take Record Track out of the loop  
10 and avoid the problem, Adam, that's all.

11 MR. COOPER: That is not the problem.

12 But I also believe that records we got and sent  
13 to Record Tracking, whether you will not accept the  
14 records that we got, is not our problem, that is your  
15 problem, but it shouldn't delay the problem.

16 MR. DEUTSCH: Why do I have to accept the  
17 records that you give me?

18 MR. COOPER: You don't.

19 MR. DEUTSCH: I am asking you to give me  
20 authorization.

21 MR. COOPER: I fulfilled my obligation which is  
22 sending an authorization back in September to a retrieval  
23 service.

24 MR. DEUTSCH: I am saying to you it has not  
25 happened.

DAR

-Proceedings-

17

1 So I am asking you to give me new authorization.

2 Why is that a big deal?

3 MR. COOPER: It is not a big deal as long as it  
4 does not delay the trial.

5 MR. DEUTSCH: If you give it to me it will not  
6 delay the trial.

7 MR. COOPER: The next thing out of the  
8 Defendant's mouths is that they cannot do expert reports  
9 until they get every single medical record, social  
10 security record, and I cannot start to depose their  
11 experts until I get the reports.

12 THE COURT: I don't understand.

13 Don't you have a scheduling order?

14 Why don't you bring a motion for contempt or  
15 something?

16 Why do I get saddle with these problems?

17 MR. COOPER: I will tell you why you are getting  
18 saddled.

19 I will give you an example: We have an  
20 obligation, for example, to give the pathology to defense  
21 liaison counsel in March, which we do.

22 THE COURT: I don't see how I get the case if it  
23 is not ready for trial.

24 I am not criticizing you.

25 I'm not going to delay the trial.

DAR

-Proceedings-

18

1 MR. COOPER: I would not expect you to.

2 THE COURT: As a matter of fact, Judge Friedman  
3 asked me to do this trial as quickly as possible. That is  
4 why I scheduled this meeting so quickly. I scheduled it  
5 within ten days, I think.

6 So I am not going to delay the trial. If you  
7 don't have what you think you need, there's a schedule  
8 that has not been complied with, and usually isn't, and  
9 why people don't go to Judge Friedman and ask her to  
10 enforce her own rules, I am not here to do that and I am  
11 not going to do that.

12 MR. LEE: We are instructed to go to the Special  
13 Master.

14 THE COURT: Then go to the Special Master. And  
15 if the Special Master orders something and doesn't happen,  
16 ask Judge Friedman to put it in terms of an order. If the  
17 order is not obeyed, there are remedies that you have  
18 before Judge Friedman, not before me.

19 MR. LEE: The reason why we are bringing it up  
20 before you now, is because when we went to the Special  
21 Master and raised these issues with the Special Master,  
22 she directed us to the trial judge.

23 THE COURT: She's wrong.

24 You have to go to Judge Friedman, I am telling  
25 you that now, and Judge Friedman understands that.

DAR

-Proceedings-

19

1 Because when I -- from the moment I started taking these  
2 kinds of cases, these are the instructions that she gave  
3 to me.

4 I do motions for summary judgement.

5 I do all pre-trial motions.

6 I do all discovery motions.

7 That is why you had a schedule which no one  
8 seems to adhere to.

9 That is not my problem.

10 I am going to go to trial on the date that I  
11 schedule this case for trial.

12 If the meantime, if you have problems with  
13 discovery, go to Judge Friedman because the Special Master  
14 doesn't tell me what to do.

15 MR. LYNCH: The real problem here, your Honor,  
16 as Mr. Deutsch has suggested, if Mr. Cooper could give us  
17 the authorization so that we can knock out Record Track.

18 THE COURT: Get Judge Friedman to order him to  
19 do that.

20 MR. LYNCH: I think Adam has agreed to do that.

21 MR. COOPER: That doesn't have to happen, Judge.  
22 What my problem is, as you just said, the first  
23 time they ask for it directly from me is when they are  
24 sitting in front of you trying to pick a briefing schedule  
25 and a trial date.

DAR

-Proceedings-

20

1 Now I am faced with the predicament that I don't  
2 have expert reports from them, that you and I both know  
3 are coming, and I am going to need time to depose the  
4 experts.

5 I understand you are not willing to order that  
6 type of discovery.

7 THE COURT: All you had to do, when they didn't  
8 give you their expert disclosure, at the point at which  
9 they were supposed to that, and it wasn't at the point  
10 after you go and get assigned to a trial Judge, then you  
11 have to do move to enforce your discovery.

12 MR. COOPER: I agree Judge.

13 It was only ten days ago that the expert  
14 deadline was June 7th.

15 I did not have-- even if I did that we would  
16 still be here before that was heard by Judge Friedman.

17 I completely agree with you.

18 Based on the deadlines, I could not say a word  
19 until June 9th. And here we are only a week plus later.

20 I am not blaming anybody.

21 I am sitting here with no expert reports on one  
22 case and only two on the other case and we all know  
23 there's more coming.

24 As long as I have time to get the reports, get  
25 their materials and reliance materials and depose the

DAR

-Proceedings-

21

1 individuals, that is fine.

2 Because I know that these deadlines in asbestos  
3 cases, for no particular blame, get passed and bypassed  
4 all the time. I don't like it any more than the Court.

5 THE COURT: You should try to go to federal  
6 court on these cases because the sanctions go down the  
7 pipe as soon as discovery orders are disobeyed.

8 MR. COOPER: As soon as federal court allows  
9 five out of six jurors to render a verdict, you will see  
10 everyone of my cases there.

11 MR. LYNCH: The problem is elementary.

12 We have been writing to the retrieval service  
13 for months asking them to get the records, they are just  
14 not getting them. So I think we are going to have to  
15 resort to self-help for the moment.

16 MR. COOPER: Sometimes that happens.

17 Sometimes not every record winds up in the  
18 doctor's possession and mine when reports get written.

19 You get what you can under the deadlines and  
20 eventually the reports have to be written.

21 That is all.

22 MR. LYNCH: I understand the reports cannot be  
23 written if the experts don't have the records on which to  
24 opine and base, review, and analyze the records.

25 MR. COOPER: How many records?

DAR

-Proceedings-

22

1 MR. LEE: Sherman --

2 MR. COOPER: How many providers?

3 MR. LEE: Nine.

4 We have requested nine.

5 And Record Track has, as of today -- well,  
6 actually -- they received four out of the nine.

7 They're waiting for records from two more  
8 medical providers and three they have not sent out  
9 authorizations for, as according to Record Track this  
10 morning.

11 MR. COOPER: Once again, Judge, I don't think  
12 the Plaintiff should get penalized because of a retrieval  
13 service that everyone agreed to use is either incompetent  
14 or can't actually complete the medical reports.

15 MR. DEUTSCH: That may be so.

16 But you are not suggesting that the Defendants  
17 should be penalized because of their incompetence, are  
18 you.

19 MR. COOPER: No, I am suggesting that.

20 There's a very good possibility there's enough  
21 records to write a report and I don't believe your experts  
22 had even seen the first set of records to determine  
23 whether they can write a report.

24 My understanding is that you are not sending  
25 anything to the experts until every record is received and

DAR

-Proceedings-

23

1 sometimes that just is not possible.

2 MR. DEUTSCH: My experience tells me that is the  
3 correct way to practice law and so that is why I attempt  
4 to do it that way.

5 MR. COOPER: Within the framework of living  
6 cancer cases, I don't disagree.

7 But at one point --at some point a day has to be  
8 called a day. You have records that you have. And how  
9 long can you wait?

10 How long do we wait?

11 MR. DEUTSCH: If that comes to pass.

12 These cases are still relatively new. The trials  
13 came up unanticipated.

14 MR. COOPER: That I disagree with.

15 I don't know why you say that, this is May 07  
16 grouping. It is almost July.

17 We are not going to have a trial next week.

18 THE COURT: Motions in limine. Let's get back  
19 to them.

20 Two weeks?

21 MR. COOPER: That would be June 29th, similar to  
22 the joint trial schedule.

23 THE COURT: Why don't we do the same thing.

24 The same for the joint trial motions.

25 MR. COOPER: Motions by 6/29, opposition by

1 7/10.

2 THE COURT: Right.

3 MR. DEUTSCH: Reply 7/17.

4 THE COURT: Right.

5 MR. COOPER: Sure.

6 MR. DEUTSCH: It is the same thing.

7 THE COURT: Right.

8 MR. COOPER: Judge, could I bring up an issue.

9 If you consider discovery, fair enough, I will  
10 go back to Special Master. I'm not quite sure, I believe  
11 it's some type of hibird.12 The defendant's initially at the beginning of  
13 every cluster send in an expert witness list, which I  
14 believe, the most recent group had 74 experts.

15 THE COURT: Sounds familiar.

16 MR. COOPER: I figure it would.

17 What I am asking for, aside from the medical  
18 record issue and report issue, a little more broadly, is  
19 to at least have identified the six or so that are  
20 actually may be called at trial so that we can begin on  
21 our side to get prepared to take the depositions.22 And again, in my mind, that is separate from the  
23 reports.24 I am asking the Court to order it. If I have to  
25 go to Judge Friedman, I don't think I should, it is more a

DAR

-Proceedings-

25

1 trial issue in my mind, but I will.

2 I would hate for that type of delay just to find  
3 out which six of the 74 we're really talking about.

4 I don't think.

5 MR. LYNCH: I think we can agree on that that  
6 both sides pare down the expert witness list.

7 MR. COOPER: We only have three.

8 MR. DEUTSCH: I have notice in addition to the  
9 exchange of reports: Castleman, Hatfield, Longo,  
10 Markowitz, Moline, Panitz, Pohl and somebody named Charles  
11 Ay.

12 MR. COOPER: Charles Ay I can withdraw.

13 MR. DEUTSCH: Neither here nor there.

14 Those are the identifications that we have  
15 received from you without reports.

16 So I think the comment about the need to do it  
17 mutually is probably correct.

18 MR. COOPER: If you are asking me to pare down a  
19 total of eight experts.

20 MR. DEUTSCH: Are you going to pare down to less  
21 than eight?

22 MR. COOPER: I will do what you do.

23 MR. DEUTSCH: I have not thought about it.

24 MR. COOPER: Okay.

25 So I am willing to go down to eight and I can

DAR

-Proceedings-

26

1 keep my experts as they are. If you don't still --

2 MR. DEUTSCH: You still owe me reports.

3 MR. COOPER: That is not true.

4 There's reports in every one of the experts that  
5 is going to testify, except Dr. Castleman, which I am sure  
6 I am going to get the same motion of limine and we will  
7 deal with that when we deal with that.

8 The Judge issued a ruling many times a report  
9 from the witnesses is not necessary.

10 Both pathologists in the case issued reports,  
11 both issued reports. Both pulmonary experts issued  
12 reports and that pretty much is it. So we're talking  
13 about really five experts.

14 So I don't have to pare down anything.

15 You have 74.

16 THE COURT: You have to pare down. You have a  
17 list of nine.

18 MR. COOPER: No, it is eight. I just took off  
19 two. I am down to six and that is two cases.

20 MR. LYNCH: Who is the six?

21 MR. COOPER: Ay is not being called and I am  
22 paring down and withdrawing Dr. Panitz.

23 THE COURT: That doesn't bring us down to --  
24 that is indifference to you, I think.

25 MR. DEUTSCH: I don't know. I don't know.

DAR

-Proceedings-

27

1 THE COURT: You have six, sounds like seven.

2 MR. COOPER: I thought there was six.

3 MR. DEUTSCH: Strauchen, Schechter, Markowitz,  
4 Pohl, Castleman is five.

5 MR. COOPER: I am sorry I made a mistake.

6 It is not Panitz I am withdrawing. I don't want  
7 to speak out of turn.

8 I have my list right here.

9 THE COURT: I will give you a couple of weeks.

10 MR. COOPER: I only have eight.

11 How much can one expect me to pare down eight?

12 Defendants 74 each?

13 THE COURT: How many -- is there an agreement on  
14 eight? Do we agree to that so that I don't have to impose  
15 a decision?

16 MR. DEUTSCH: Eight is good.

17 MR. LYNCH: I think that is fine.

18 THE COURT: Eight experts on each side.

19 Written statements to each side and the Court;  
20 how much time?

21 MR. DEUTSCH: I don't have the records.

22 MR. LYNCH: We don't have the radiology, we  
23 don't have pathology.

24 MR. DEUTSCH: I can't get a pulmonary medicine  
25 expert to tell me what the X-rays show until I get the

DAR

1 X-rays.

2 THE COURT: Okay.

3 I will give you six weeks since you don't have  
4 the records.

5 Six weeks by today, June 19th, July 31st.

6 MR. DEUTSCH: Could we make it eight weeks?

7 It can take me three, four weeks to get the  
8 records and then to get it to the expert and get it  
9 reviewed and then get the report back.

10 THE COURT: Okay.

11 July 14th.

12 MR. DEUTSCH: August 14th.

13 THE COURT: Yes.

14 Expert in writing by August 14th.

15 MR. COOPER: No. No. Expert -- that's the  
16 reports. That's the lift and reports.

17 MR. LYNCH: Disclosure --

18 MR. COOPER: Well, in lieu of reports, not  
19 disclosure and another report in another four weeks.

20 MR. LYNCH: Either or.

21 MR. COOPER: Judge, I don't want to face getting  
22 a 3101(d) on August 14th and then an actual report-- I  
23 don't want to guess, later than that.24 The point is, when everything gets pared down,  
25 we are all going to be flying around the country deposing

DAR

-Proceedings-

29

1 the experts.

2 The August 14th deadline I want to make sure --

3 THE COURT: We can eliminate all of that by  
4 following New York rules.

5 MR. COOPER: We could.

6 I think without doing depositions we'll probably  
7 be in a little bit of trouble.

8 You did say I should go to federal court?

9 THE COURT: You know, you deposed most of the  
10 experts a number of times already and you cross-examined  
11 them a number of times.

12 MR. COOPER: I generally would agree.

13 But I can tell you right now, the two reports  
14 that I have gotten so far, because it is a friction lung  
15 cancer case, we never deposed them.

16 THE COURT: What are we saying, eight experts on  
17 each side?

18 MR. COOPER: It is a new group.

19 THE COURT: If we are submitting the expert  
20 reports in the 3101(d) on the 14th, we really don't need  
21 any kind of written statement about who the experts are,  
22 right?

23 MR. COOPER: Right, it will all come.

24 I just want to make sure, not just the list on  
25 the 14th, but the actual reports.

DAR

-Proceedings-

30

1 THE COURT: All right.

2 Expert reports and 3101(d).

3 Okay.

4 Motions in limine. If you are going to make a  
5 Frye motion, make them within the same time, within the  
6 motion in limine.

7 I didn't think I had one last time.

8 I had objections based on Frye, but I don't  
9 think a Frye hearing.

10 MR. COOPER: I think what happened, Judge, Ford  
11 and General Motors made a Frye motion as one of the  
12 motions, but because it was later than the deadline you  
13 refused the motion in limine.

14 MR. LYNCH: Would it make sense if we moved the  
15 motion in limine dates back before the reports?

16 At this juncture, we don't know exactly who of  
17 the eight experts Plaintiff is going to present and we  
18 don't have reports at this juncture or 3101(d).

19 It probably would make sense to push that back a  
20 couple of weeks after you get the reports.

21 MR. COOPER: Judge, based on what I am hearing,  
22 I think we maybe doing this the wrong way.

23 If you don't pick a trial date --

24 THE COURT: I am going to pick trial date.

25 MR. COOPER: I think in Jim's head he's already

DAR

-Proceedings-

31

1 in late November, based on what I am hearing. I don't  
2 think he's going to disagree. That is not reasonable.

3 THE COURT: I will give you an additional two  
4 weeks for the Frye motion.

5 Okay.

6 MR. COOPER: You mean the motion in limine?

7 THE COURT: Just for the Frye motion. Motions  
8 in limine stay the same.

9 MR. LERNER: The Frye would have to be after the  
10 expert reports.

11 THE COURT: I am giving you two weeks.

12 MR. LERNER: After the expert reports.

13 THE COURT: I am giving you two weeks after  
14 July 17th.

15 MR. LERNER: If it precedes the expert report --

16 THE COURT: It will not precede the expert  
17 report if you adhere to my order.

18 July 17th.

19 MR. DEUTSCH: You said August 14th expert  
20 reports are due by.

21 MR. LERNER: You are asking us to make Frye  
22 motions before we even know what the experts say.

23 THE COURT: You are right.

24 MR. DEUTSCH: We need the reports before we can  
25 move against them.

DAR

-Proceedings-

32

1                   THE COURT: Frye motion to be made by  
2                   August 28th.

3                   Okay.

4                   What else?

5                   Trial date, is that next?

6                   I will tell you what Judge Friedman suggested to  
7                   me. She would like, if possible, I have a trial in early  
8                   September.

9                   MR. DEUTSCH: I am committed elsewhere, your  
10                   Honor.

11                   THE COURT: What?

12                   MR. DEUTSCH: I am committed elsewhere, your  
13                   Honor.

14                   THE COURT: The whole month?

15                   MR. DEUTSCH: I am committed elsewhere the first  
16                   three weeks of the month.

17                   THE COURT: Okay.

18                   One, two, three-

19                   MR. DEUTSCH: And then I have plane tickets --  
20                   I'm sorry.

21                   THE COURT: I am sorry too--

22                   MR. DEUTSCH: I am sorry.

23                   When I got the plane tickets this didn't exist.

24                   THE COURT: Cancel them and do it after the  
25                   trial.

DAR

-Proceedings-

33

1 MR. DEUTSCH: I can't cancel them.

2 I don't understand why --

3 MR. COOPER: Jay can do it.

4 MR. DEUTSCH: Do what? Go away?

5 MR. COOPER: Exactly.

6 MR. DEUTSCH: He's got a handle on that.

7 THE COURT: You got a big firm.

8 MR. DEUTSCH: What does that have to do with the  
9 ability of people who are capable of trying these cases?

10 THE COURT: I know if you were in federal court  
11 they would say, if you can't do it have someone else in  
12 your firm do it.

13 MR. DEUTSCH: If they were in federal court they  
14 would recognize that there's no great urgency and that the  
15 case can be scheduled--

16 THE COURT: There's no great urgency in a lung  
17 cancer case. The guy is dieing and would probably be dead  
18 within a year and there's no great urgency.

19 MR. DEUTSCH: That's correct.

20 THE COURT: That is why Judge Friedman would  
21 like me to do it in September.

22 When are you coming back?

23 MR. DEUTSCH: I am coming back the end of  
24 October. The 27th, 28th of October.

25 THE COURT: I am sorry.

DAR

-Proceedings-

34

1 I am sorry I would be willing to give you some  
2 time in October, but not November.

3 MR. DEUTSCH: I am not available.

4 THE COURT: Then somebody else will have to do  
5 it. That's all there's to do it.

6 We will have jury selection on October 8th.

7 MR. DEUTSCH: Just add it to the motion for  
8 recusal.

9 THE COURT: Okay.

10 MR. COOPER: As far as --

11 MR. DEUTSCH: Judge, the case is how old? Three  
12 weeks matters?

13 Does three weeks matter?

14 THE COURT: No, not that three weeks matters.

15 It matters a whole month.

16 MR. DEUTSCH: That's the answer. I am the one  
17 who tries the case on behalf of my client.

18 THE COURT: I am not going to argue with you.  
19 You can say whatever you want for the record.

20 MR. DEUTSCH: I am the one who tries the cases  
21 on behalf of Ford and General Motors. For you to suggest  
22 that someone could try the case is ridiculous.

23 THE COURT: Don't yell at me.

24 Don't yell at me.

25 Also remember, if both of us are talking at the

DAR

-Proceedings-

35

1 same time you take down what I say, not what he says, if  
2 both of us talk at the same time.

3 What else?

4 MR. COOPER: What I wanted to ask, Judge, if it  
5 is discovery you will move me over to Special Master and  
6 Judge Friedman.

7 The expert reports that I do have from Chrysler,  
8 obviously, I need reliance materials in order to take the  
9 deposition. Is that something the Court wants to handle  
10 as the summer progresses or should I go to Special Master  
11 and Judge Friedman?

12 I only ask because with Judge Friedman it would  
13 have to be formal motion practice and I would hate to keep  
14 losing weeks waiting for a motion to be heard. Obviously,  
15 I will get the depositions. It is obviously just getting  
16 the phone calls made and schedules. I will make myself  
17 available. I have a feeling I will have a lot of the  
18 depositions to take in July, August, and looks like  
19 September.

20 THE COURT: What precisely are you asking me to  
21 do?

22 MR. COOPER: I am asking your Honor to order Dr.  
23 Carter and Dr. Maxfield to submit to a deposition --

24 THE COURT: Why do I have to order that?

25 MR. COOPER: --by the deadline.

DAR

-Proceedings-

36

1 Because I have tried to e-mail defense counsel  
2 and they have ignored it.

3 THE COURT: I am not going to set a pressidence.

4 MR. COOPER: I understand that.

5 THE COURT: I want to be consistent in my  
6 rulings.

7 MR. COOPER: I will seek my remedy elsewhere.

8 THE COURT: Okay.

9 Gentleman, anything else?

10 MR. LYNCH: No.

11 MR. DEUTSCH: No.

12 MR. COOPER: No.

13 THE CLERK: Off the record.

14 (Whereupon, an off-the-record discussion was  
15 held.)
